Projects

urspace

Co-founder / Designer
Sep 2018 - Present

Urspace is an instant portfolio website builder that integrates content from your LinkedIn, Behance, and Github. I worked with 3 students to design and launch urspace from our dorms. We are now live in beta!

Lavalab

Designer → Dir. of Community
Aug - May 2018

Lavalab is USC's premiere student startup incubator. As a designer, I collaborated to design a commerce focused social platform for makeup enthusiasts and creators. Then, I went on to facilitate our curriculum and lead community events on the executive board.
